THE WINTER OF 77?

SPRING MADNESS

This is for the lonely people,

I wish you the strength to let love grow.

KEYSER, W.VA. 26726

December 1, 1976

Sigma Phi Omega Honor Society was established at Potomac State College in April, 1923. The organization was founded as a student-faculty group for the purpose of fostering scholarship and citizenship. Members of the faculty belong by virtue of their position.

The society has remained local through the years with its own customs, ritual, insignia, and traditions. Membership in Sigma Phi Omega is the highest honor conferred upon Potomac State College students.

The highlight of the academic year is the spring banquet honoring new members. The society invites an outstanding personage to be the guest speaker at this event.

Sigma Phi Omega also sponsors the annual Recognition Day program in late April, at which awards and citations are presented, and a summary of campus activities is given.

Who uses Luke mill products?

. . . millions of people, every day

Luke mill employees produce 1,000 tons of high quality white printing papers every day.

Luke paper is used for books, magazines, encyclopedias, cigarette wrap, canned goods labels, packaging, etc. It's a good bet that you will use a Luke mill product today!

Our two largest paper machines, combined, make over a mile of paper, 20 ft. wide, every two minutes . . . that's a lot of paper!

The Luke mill was founded in 1888, is the keystone of the company, and is one of the nation's largest fine papers mills. It is also the oldest manufacturer in Allegany County.
